

SEMI-PERMANENT GLUE DOTS

DESCRIPTION

Adhesive dots with medium bonding strength and medium tear resistance.

TECHNICAL SPECIFICATIONS

Colour: Transparent

Odour: Slightly sweet

Application temperature: from -10 °C to +60 °C. Due to variations in dot size and the nature of testing methods, the results should be considered indicative.

Packaging: Supplied in cardboard dispensers in rolls of 5.000 dots or in mini rolls of 1.500 dots suitable for use with a glue gun.

RECOMMENDED USES

Suitable for paper, plastic, etc. Ideal for lightweight objects requiring easy removal. The glue dots are ready to use as supplied. Keep away from dust, oil and UV light.

WARNINGS

This product contains oil. It is important to test absorbent surfaces to check for possible staining or bleeding.

Use older stock first (FIFO principle). Store in a dust-free, cool and dry environment. Dispose of unused product after 18 months.
